

Professional Development for Arts Educators

The Regional Arts & Culture Council Arts Education Program is committed to providing professional development opportunities for arts educators. Through collaboration and partnerships, we offer free, relevant, accessible, and informative trainings, workshops, and seminars throughout the school year. While, our options may rotate or change, we commit to provide an inclusive, equitable and accessible learning environment. If you are a K-12 Arts Educator and wish to share your ideas on future professional development opportunities, please reach out to the [AEAF Specialist](#) at RACC. RACC conducts surveys with arts educators in the six [AEAF Districts](#) to inform our decision on what professional development to hold throughout the year.

Current/past opportunities:

- Arts Integration methods in classrooms
- Teaching artists- working together with arts educators
- [Portland Art Museum](#) workshops in partnership with [Portland Public Schools](#)
- [The Kennedy Center](#) (attend online virtual conferences)
- Trauma Informed Care on-going workshop series with [Trauma Informed Oregon](#)
